

MDR ULTIMATE

With ESET's premium MDR service, you get an Enterprise-level SOC, off the shelf

Leverage the expertise of ESET's threat hunters to help you interpret security incidents, access guidance, and perform immediate mitigation steps. ESET MDR Ultimate will immediately improve your security posture, and provide tailored assistance like Digital Forensic Incident Response (DFIR) and dedicated response leads for the ultimate security coverage.

Key benefits

ENHANCED SECURITY POSTURE

ESET MDR Ultimate can help your organization improve its overall security posture by providing access to ESET's advanced threat detection technologies, robust feature sets and security experts. It will help you to identify threats early on by continuously monitoring your IT systems and networks for signs of malicious activity.

IMPROVED INCIDENT RESPONSE

Our premium MDR service can also help your business respond quickly and effectively to security incidents by providing expert guidance and support during the investigation and remediation process. ESET security experts will study any malicious activity hidden in suspicious files, and deliver a detailed report of the analysis' outcomes.

SPECIALIZED SECURITY SKILLS

Threat hunting, threat monitoring, and threat response are now available to users of any size and security-maturity level—all without the need to source, recruit and train specialized staff. Your business can potentially save money on staffing costs.

Progress. Protected.
