ESET Technology Alliances & Integrations

As security environments grow more complex, customers expect their technologies to share context, automate workflows, and help them get more value from the platforms they already use.

By integrating with ESET, partners can bring trusted security intelligence and proven protection into customer workflows, improve outcomes, and unlock a scalable growth channel through joint solutions, expanded reach, and go-to-market collaboration.

Drive Customer Success

- Better security outcomes
- Automated Workflows
- Enhanced visibility and threat detection

Accelerate Innovation

- Open APIs
- Security telemetry and threat intelligence
- Rapid integration enablement

Grow Together

- Global customer reach
- Joint go-to-market opportunities
- Technology alliance ecosystem

About **ESET**

WHEN TECHNOLOGY ENABLES PROGRESS, ESET® IS HERE TO PROTECT IT.

ESET® provides cutting-edge cybersecurity to prevent attacks before they happen. By combining the power of AI and human expertise, ESET stays ahead of emerging global cyberthreats, both known and unknown—securing businesses, critical infrastructure, and individuals in an increasingly AI-driven world. Whether it's endpoint, cloud, or mobile protection, our AI-native, cloud-first solutions and services remain highly effective and easy to use. ESET technology includes robust detection and response, ultra-secure encryption, and multifactor authentication. With 24/7 real-time defense and strong local support, we keep users safe and businesses running without interruption. The ever-evolving digital landscape demands a progressive approach to security: ESET is committed to world-class research and powerful threat intelligence, backed by R&D centers and a strong global partner network.

- Biggest European vendor
- Private company, no debt
- Research focused
- Growing YoY since its inception
- Owned by original founders
